3 Column Ledger Accounting
Bookkeeping 3 Column Ledger
Accounts. The basic T account is a
useful bookkeeping tool used to
help visualize double entry
bookkeeping journal entries. The
debit entries are posted to the left
hand side of the T account, and the
credit entries are posted to the
right hand side of the T account.
The 3 column ledger account
extends the T account by using an
additional third column to show the
running balance on the account
after each debit or credit entry. 3
