Tutorial Gxs

Transport (UN/EDIFACT) is the International EDI standard ISO 9735-1987, developed under the UN. The general standard is adopted by national and sectoral standards bodies to better reflect the needs of each industry. At least twice a year, the standard is updated globally. Think of this: When you have titles that you would like to display at one of the conferences we cover or have an author nipping at your heels, but you simply cannot justify the cost of purchasing your own booth, give us a call. We can be the solution.
