Find helpful customer reviews and review ratings for *Plague: A Very Short Introduction* (Very Short Introductions) at Amazon.com. Read honest and unbiased product reviews from our users. Amazon.com: Customer reviews: *Plague: A Very Short* ... This book conflates at least three major historical incidence of plague and it can be difficult and confusing to know which one the author is writing about. I don't agree with the author that basically plague is plague, whether it's from the 4th or 5th century BCE or an outbreak in the 6th century CE or 19th century CE China. Amazon.com: Customer reviews: *Plague: A Very Short* ... Even though I have previously read a number of books on pandemics, I learned a lot from this "very short" account. For example, the plague (*Yersinia pestis*) was first recorded as the "Plague of Justinian," in the Byzantine Empire. The Greek historian Procopius said that 10,000 died in a single day in Constantinople in 542. *Pandemics: A Very Short Introduction* (Very Short ... In this Very Short Introduction, Paul Slack explores the historical impact

Get FREE 7-day instant eTextbook access! Plague: A Very Short Introduction A Very Short ... Today, it has become a metaphor for other epidemic disasters which appear to threaten us, but plague itself has never been eradicated. In this Very Short Introduction, Paul Slack explores the historical impact of plague over the centuries, looking at the ways in which it has been interpreted, and the powerful images it has left behind in art and literature. Plague: A Very Short Introduction eBook by Paul Slack ... Abstract. 'Pandemics and epidemics' looks at the way plague is described in the historical record and considers its possible causes. The model of the first three pandemics is one created by western eyes, looking at parts of the world where they had commercial or imperial interests. This makes it difficult to build up a picture of the incidence of the disease and the causes of its appearance and disappearance. 2. Pandemics and epidemics - Very Short Introductions Today, it has become a metaphor for other epidemic disasters which appear to threaten us, but plague itself has never been eradicated. In this Very Short Introduction, Paul Slack explores the historical impact of plague over the centuries, looking at the ways in which it has been interpreted, and the powerful images it has left behind in art and literature.

Both fiction and non-fiction are covered, spanning different genres (e.g. science fiction, fantasy, thrillers, romance) and types (e.g. novels, comics, essays, textbooks).
