the most prominent works of psychoanalyst Daniel N. Stern, in which he describes the development of four interrelated senses of self. These senses of self develop over the lifespan, but make significant developmental strides during sensitive periods in the first two years of life. The mother or other primary attachment figure plays a critical role in helping the infant with this developmental process. The Interpersonal World of the Infant - Wikipedia An expert in the mother-infant relationship, he is the author of The Interpersonal World of the Infant and The Diary of a Baby. Customer Reviews.
